

WELLNESS SOUP – Topper for complete nutrition!

- High quality protein sources:

- Tuna

- Salmon

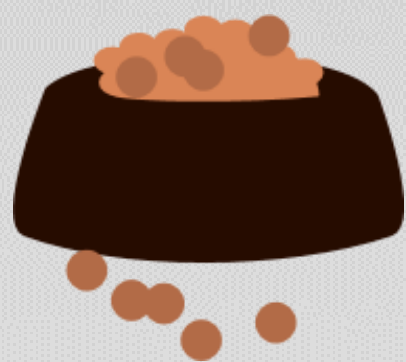

- Poultry

NEW!

- Natural, without flavor enhancers
- Various options for usage

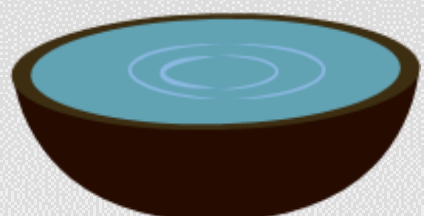

HOW TO USE FEED TOPPER?

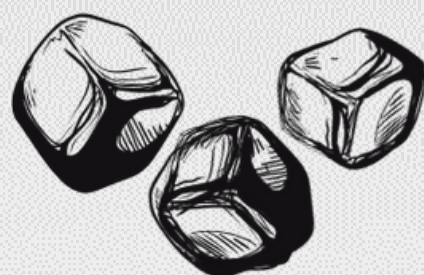

- Mix with dry feed kibbles to make them softer and more fragrant.

- Pour on feed as a condiment or sauce.

- Give it instead of water.

- Freeze in special ice moulds or pour it on a special licking mat and use as a refreshment for the pet in the summer.

WELLNESS SOUP BENEFITS FOR YOUR PET

- An increased appetite for picky pets
- Supports normal gut function
- Helps with smooth digestion for sensitive pets
- Helps to maintain a normal body weight
- Supports flexible joints
- Promotes healthy coat and skin

WELLNESS SOUP for white coat dogs

With tuna and salmon

BENEFITS:

- Rich in fatty acids: Omega 3 and 6.
- Filled with minerals: magnesium, iron, selenium.
- Suitable for all age groups.

Skin and Coat

High Digestibility

Salmon is rich in saturated fat, which supports healthy skin and coat, as well as strong bones and joints.

WELLNESS SOUP for red coat dogs

With tuna and salmon

BENEFITS:

- Rich in vitamins: D, B₁₂, B₆
- Filled with minerals magnesium, iron, selenium.
- Suitable for all age groups.

Skin and Coat

High Digestibility

WELLNESS SOUP for long haired cats

With poultry

BENEFITS:

- A great source of energy
- Easy to digest
- Dietary source of protein

High
Digestibility

High
Palatability

Lean poultry is an excellent source of protein that provides energy and prevents extra weight gain.

WELLNESS SOUP for sterilised cats

With salmon

BENEFITS:

- Rich in fatty acids: Omega 3 and 6.
- Filled with minerals: magnesium, iron, selenium.
- Helps maintain healthy coat and skin.

High
Digestibility

Skin and coat

The zinc in salmon helps maintain good skin texture and elasticity, while the fatty acids help keep the coat thick and shiny.

WELLNESS SOUP for cats

With tuna

BENEFITS:

- Rich in vitamins: D, B₁₂, B₆
- Filled with minerals: magnesium, iron, selenium.
- Easily digested.

High
Digestibility

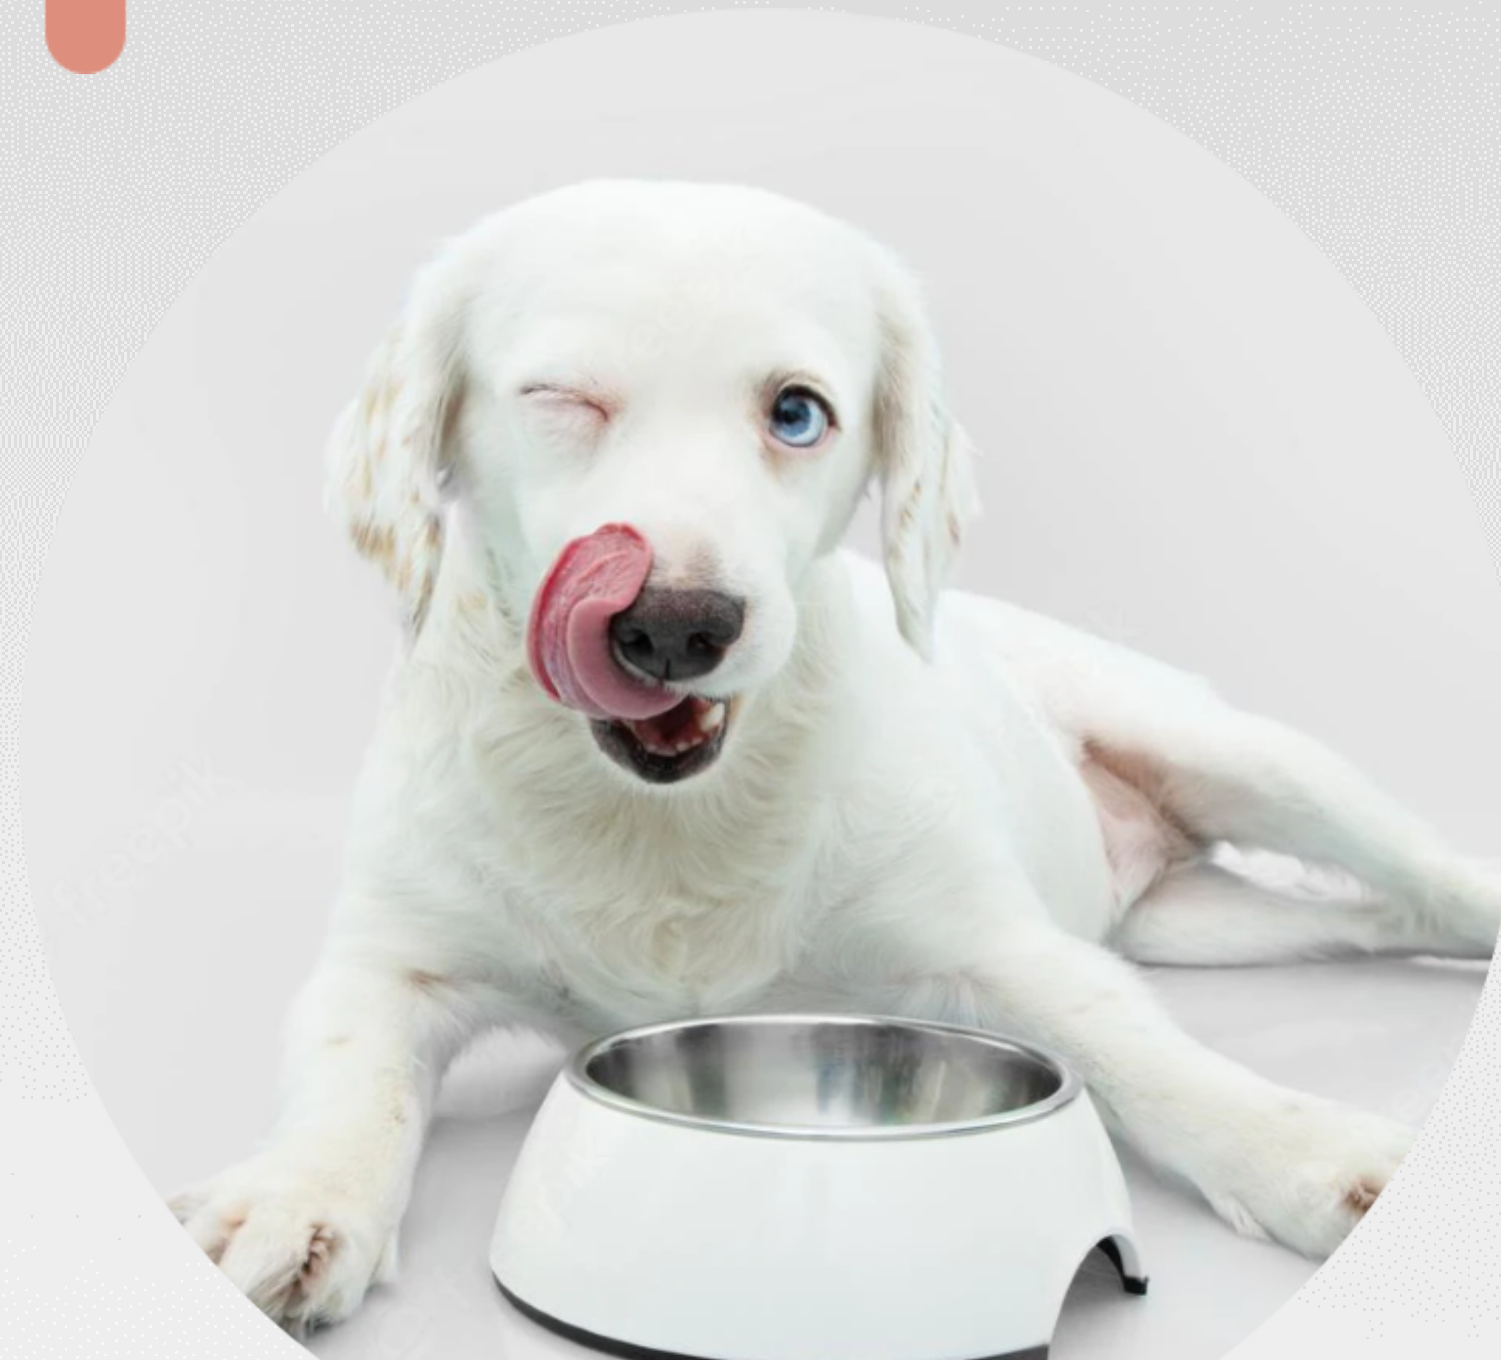

Skin and coat

Tuna is a food that contains vitamins B₁₂, D, manganese and potassium. These vitamins and minerals help strengthen the cat's immunity.
