

TAURO
— PRO LINE —

A PROFESSIONAL - INNOVATIVE - NATURAL APPROACH TO

PET CARE

Janita Januškauskaitė-Plungė

As far as I remember myself, my whole life I spent surrounded by dogs. Dogs are my great passion and vocation. More than 30 years of experience in breeding and grooming allows me to understand the demand and importance of quality for dog grooming products. That was the reason I decided to create a product line of dog grooming products.

All the products we create are tested by our experience. Our quality standards are the highest, we are seeking the best results. My priority is to create maximum effective cosmetics in the most possible natural way. We aim not to mask problems, but to promote healthy skin conditions and coat growth.

I am proud to introduce the outcome of our work - Tauro Pro Line product line which consists of:

- cosmetics
- SPA equipment
- grooming supplies.

With Tauro Pro Line products you will receive a full pet care concept, from cosmetics to all grooming salon equipment!

Our philosophy: • Natural composition • Growing coat and skin quality • Without aggressive ingredients

**SILICONE
—FREE—**

**WHAT DO
SILICONES DO?**

- Gives an artificial equality effect
- Cover skin and coat with an invisible film
- Does not allow skin and coa breathing

**PARABEN
—FREE—**

**WHY PARABENS
ARE HARMFUL?**

- It is a synthetic preservative
- Easily enter the organism
- May cause allergic reactions
- Disrupt the hormone balance

**SLS
—FREE—**

**WHY SLS
IS HARMFUL?**

- It is a strong foaming substance
- Irritates skin and closes pores
- Makes hair dry and weak
- Causes dandruff
- Weakens the hair bulb
- Contains carcinogens

3 STEP CARE SYSTEM

I-ST STEP CLEANING

It is the first wash. Before we apply moisturizing or nourishing cosmetics we have to clean skin and coat, and only after cleaning we can add the properties we want to achieve. Its aim is to wash pet coat thoroughly, clean dirt and cosmetics and prepare skin and coat for the II-nd step.

STEP 1 2 3

II-ND STEP FUNCTION

It is the second wash. Hereafter cleaning we can choose moisturizing, nourishing, or restructuring shampoos according to the result we would like to achieve. This step fills up hair and skin with useful ingredients and prepares skin and coat for III-rd step.

STEP 1 2 3

III-RD STEP FIXATION

It is skin and coat conditioning. This step is to leave your pet's coat and skin fulfilled with naturally beneficial ingredients. It closes hair scales and leaves the coat smooth and healthy, ready for drying and combing.

STEP 1 2 3

KERATIN CONDITIONER ●

FOR DOGS AND CATS COAT

250/
1000 ML

STEP 1 2 3

FIXATION

TAURO
— PRO LINE —

- Tauro Pro Line Healthy Coat Keratin Conditioner provides luxurious and pH balanced formula designed for a healthy care of your pet's coat and skin.
- It provides moisturizing and balancing ingredients that penetrate the coat's cuticle, strengthen the follicles of the coat as they nourish it from the inside out.
- Keratin Conditioner is a unique reconstructing treatment designed to rebuild hair's cuticle, developed with superior professional technologies.

KERATIN

Hydrolyzed keratin can improve hair's texture so that it looks and feels smoother, while at the same time it also helps to rebuild the natural protective layer of hair from the inside by replacing lost protein and increasing each strand's diameter, which gives it a fuller appearance..

JOJOBA OIL

Jojoba is rich in vitamins and minerals that nourish hair, including vitamin C, B vitamins, vitamin E, copper, and zinc, and strengthens hair, also it can help to prevent hair loss and promote hair thickness.

PROTEIN INFUSION

Keratin helps fill the minor gaps throughout the hair shaft, including its three layers the cuticle, cortex, and medulla when applied topically and helps to strengthen hair's structure by improving its overall elasticity.

SMOOTHES & DETANGLES

Due to a unique composition of active ingredients hair structure is moisturized and restored, gains more softness and becomes easy manageable, and as a result hair becomes smooth and easy to comb.

Our philosophy: • Natural composition • Growing coat and skin quality • Without aggressive ingredients

250 ML

DETANGLING_LEAVE_IN_CONDICIONER ●

FOR COAT DENSITY & VOLUME

- Suitable for the most sensitive skin and coat of your pet, Tauro Pro Line Healthy Coat Detangling Leave-In Conditioner is mild and effective, Parabens, SLS and Silicones Free, hypoallergenic coat detangler.
- Your pet's skin and coat gets smooth and manageable instantly. Quickly removes coats tangles, knots and mats for gentle brushing.
- Ready-to-use, no-rinse formula helps eliminate frizz and static by retaining and restoring moisture, leaving the coat smooth and shiny.

EASY TO COMB

As leave-in conditioner gives smoothness to hair, they become easy to manage, so after applying it, you can easily comb out tangles from your pet's coat.

ANTISTATIC EFFECT

Reduces static electricity by neutralizing the electrical charge on a hair surface.

SOFT & SHINE

Due to nourishing properties, your pet's coat will be soft and will gain more shine.

DETANGLES

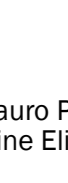

Helps to control static electricity in a pet's coat.

PURE MIST

THE MIRACLE OF NATURE AND TECHNOLOGY - ALKALINE WATER FOR PET HYGIENE!

TAURO
— PRO LINE —

SAFE FOR CATS AND DOGS

STEP 1 2 3

250 ML

COAT CARE

- Helps remove dirt from skin or coat, yellow urine stains;
- Promotes collagen production. Attracts 10x more moisture than water;
- pray directly on the coat.

EARS HYGIENE

- Cleans dirt very well;
- It is safe to spray directly into the ears, use with a cotton pad;
- Protects skin from dehydration and allergies.

EYES HYGIENE

- Perfectly removes dirt and tear stains;
- Prevents bacterial growth;
- Does not irritate the eyes;
- It is safe to spray directly into the eyes, use with a cotton pad.

COSMETICS EFFECTIVENESS

- The effect of cosmetics with PURE MIST MAKES 7 TIMES MORE EFFECTIVE than without alkaline water.
- Prepares skin and coat before using cosmetics pH 11.3.

ANTIBACTERIAL & ANTIMICROBIAL

- The acidic environment, often the usual environment for us, is a convenient environment for bacteria to multiply.
- Alkaline water is particularly unfavorable to bacteria, making PURE MIST water suitable for disinfection.

ANTISTATIC EFFECT

- HIGH ALKALINE PURE MIST WATER GIVES FUR AN ANSTISTIC EFFECT: reduces electrification and bloating of the coat.
- Ideal for use during shows when fur requires impeccable appearance.

SOOTHING CLAY MASK

100 % NATURAL INGREDIENTS!

- MICROZEOGEN - dynamically micronized clinoptilolite (mineral) that helps remove the accumulated toxins, acts as an antioxidant and helps to reduce the number and spread of pathogenic bacteria colonies. It is rich in silicon, iron, magnesium, calcium and other beneficial trace elements.
- KAOLIN is the softest clay, rich in minerals. Therefore, it is suitable for cleansing, detoxifying and toning the skin. Helps to stimulate blood circulation in the skin and cleanse it. It contains silicon which helps to remove dead skin and stimulates its regeneration. Kaolin is also suitable for very sensitive skin.
- GREEN CLAY helps to maintain the natural color of the skin. It is a natural protective barrier that absorbs excess oil and effectively removes toxins. It also has anaesthetic, moisturizing and nourishing properties. The skin becomes more elastic, fresh and hydrated. Green clay is rich in magnesium, calcium, potassium, manganese, phosphorus and other useful microelements.

MAGIC COAT OIL 250 ML

OIL-INFUSED & NUTRIENT POWERED

A unique and concentrated formula that consists of 4 magic oils which may help deeply moisturize hair, improve elasticity and strengthen hair strands. It is a repairing and nourishing elixir for your pet's coat and skin. It will rebuild hair fibres and also guarantee water-lipid balance both hair and skin. It can also prevent hair loss and smooth hair texture. Perfect to use for wrapping, and as finishing oil for dump or blowed dry coat.

A synergy of 4 magic oils:

- Cotton seed oil - It is the source of unsaturated fatty acids and vitamin E. The oil is irreplaceable in hair repair, guarantees moisture and softness as well as regenerates damaged and brittle hair.
- Grapeseed oil - it is an excellent natural choice to seal in moisture and hydrate the hair. With its high levels of antioxidants, vitamin E, and omegas, it can help strengthen weak or brittle hair and restore shine.
- Apricot kernel oil - contains linoleic and oleic acid, which is omega-9 fatty acids and acts as a wonderful emollient that makes hair and scalp softer and more pliable, promotes hair growth and strength.
- Almond Oil - is nourishing, moisturizing and incredibly rich in nutrients but still lightweight in texture oil. It perfectly hydrates dull, dry hair, smoothes and strengthens hair texture.

DIFFERENT WAYS TO USE MAGIC COAT OIL:

| | | | | | |
|---|---|---|---|---|---|
| 1 | AS AN OIL MASK TO RESTORE AND MOISTURIZE THE COAT: | 2 | AS A BOOSTER DURING THE BATHING PROCEDURE: | 3 | AS A PERFECT OIL FOR WRAPPING PAPILOTES: |
| <ol style="list-style-type: none"> 1. Apply generous amounts of Magic Coat Oil along the entire length of the coat; 2. Leave for 15 - 20 minutes (or 1 hour) 3. After 15-20 minutes, rinse and perform the Tauro Pro Line 3 Step Procedure | | <ol style="list-style-type: none"> 1. First wash with Tauro Pro Line 1 step shampoo 2. Second wash with Tauro Pro Line 2 step shampoo 3. For coat conditioning take a Tauro Pro Line 3-step mask or conditioner and 2-3 clicks of Magic Coat Oil to it. This will strengthen the restorative properties of the mask or conditioner. Keep the mixture for 5-10 minutes and rinse with warm water. | | <ol style="list-style-type: none"> 1. Take a small stand of your pets' coat, comb it thoroughly, moisten it with Magic coat oil; 2. Wrap in papillote paper and seal with rubber; 3. Leave it until next grooming procedure. | |

OZONE MASSAGE BATH WITH B.O.B TECHNOLOGY

B. - BUBBLE
O. - OZONE
B. - BATH

ADVANTAGES OF OZONE MASSAGE BATHS

- Suitable for both daily maintenance and problem solving;
- Helps to absorb the beneficial properties of cosmetics;
- Ozone stimulates collagen production, which promotes tissue regeneration;
- Has disinfectant properties - strengthens immunity.

TAURO
— PRO LINE —

ADVANTAGES OF OZONE:

Easily attracts and removes dirt

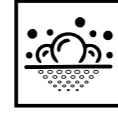

Opens and cleanses skin pores

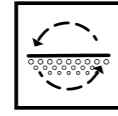

Improves the absorption and effectiveness of cosmetics and treating products

Activates skin cell regeneration

Removes excess skin fat

Promote the healing of mechanical skin damage

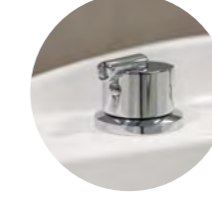

Helps to treat damaged capillaries

Opens coat pores, which improves the absorption of products.

Helps to treat atopic dermatitis

B.O.B TECHNOLOGY IS:

A REVOLUTION IN PET COAT AND SKIN CARE!

- Based on ultra-fine nano-particles that penetrate the skin and hair follicles, improving the quality of coat and skin;
- Helps treat atopic dermatitis;
- Activates skin cell regeneration;
- Helps restore damaged skin;
- Improves the absorption and effectiveness of cosmetics and treating products.

ASSORTMENT OF MASSAGE OZONE BATHS

COLORS MAY CHANGE - WITH EACH NEW COLLECTION WE TRY TO CREATE NEW COLOR COMBINATIONS!

MILKY SPA + OZONE TECHNOLOGY

TAURO
— PRO LINE —

HEALTHY PET COAT AND SKIN EVEN IN A SIMPLE BATH!

- Acts antibacterially;
- Oxygen-enriched water can help remove dirt, bacteria, help improve the quality of coat pigment, and eliminate bad pet odor;
- Water enriched with negative ions and oxygen moves quickly and massages the pet's skin, thus removing dead skin cells, excess fat and dirt;
- If your tap water is high in chlorine, this device will help you effectively remove up to 90% of chlorine, making the water significantly more suitable for pet water treatments.

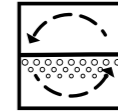

ADVANTAGES OF OZONE:

Acts antibacterially

Oxygen enriched water

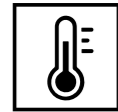

Removes dead skin cells

Effective chlorine removal

DRYING NEVER BEEN SO COMFORTABLE FOR YOU AND YOUR PET!

Can you imagine smooth and easy care for a few pets at once? The time when you bathe one pet, you put it in the dryer, where its coat is easily dried, and you take another pet, bathe it and thus change your pets all the time. And when the dryer does its job, all you have to do is easily comb the coat and finish drying with a dryer. This way you save time, work smoothly and don't leave your wet pet in a cool room while it warms up and dries at the same time.

ACCURATE TEMPERATURE ADJUSTMENT
5 temperature modes

ADVANCED AIR CIRCULATION SYSTEM
3 blowing speeds, always fresh air inside

LCD SCREENS
For easy operation

FOR DISINFECTION
Modern UV ozone system

CLEAN
Hair collection filter, easy to clean

DRYING AND COOLING PET TOWEL

- Cools quickly, especially suitable on hot days.
- Light, taking up little space.
- Compact, convenient to take on travels.
- Can be used year-round: in summer for cooling, in autumn for absorbing dirt.
- Excellent absorbent fabric, absorbs up to 4 times more moisture than it weighs.

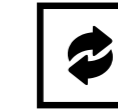

Perfect cooling

Soft touch

Fast absorbing

Reusable

DRY COAT IN A FEW MINUTES!

- Powerful dryer with 2in1 technology - efficient coat drying and stretching without using a brush;
- It has two air modes - hot and cold, adjustable air flow;
- The portable, compact, lightweight and powerful device can be used in homes, exhibitions or mobile hairdressers, also with a stand;
- This advanced technology allows you to work quietly without disturbing specialists working nearby;
- The dryer handle is covered with neoprene, which prevents the handle from heating up even after prolonged work;
- Better airflow and friction allow the device to extract a higher energy ratio. This saves the device up to 30% energy.

ADVANTAGES OF OZONE:

Two air modes

Quiet operation

Non-heating handle

Saves energy

Feel the pleasure of working every day like with a new cutting machine by changing its head in one easy movement!

NAILS CUTTER

FROM NOW ON, SHORTENING YOUR PET'S NAILS WILL NOT BE A CHALLENGE, BUT A FUN AND EASY PROCEDURE!

- **HIGH QUALITY:** with this electric nail cutter you will achieve the highest quality results. The ultra-hard and wear-resistant sanding disc does its job perfectly;
- **QUICK GRINDING:** its wheel and brass shaft ensure strong power and high rotational speed. For this reason, you will quickly sand your pet's nails;
- **ONE HEAD - THREE DIFFERENT SYSTEMS:** use the large head to shorten the nails of large and medium-sized pets, as well as for faster results;
- **SILENT OPERATION:** The noise level of the cutter is less than 60 dB. This ensures a quieter operation that will less annoy pets;
- **CONVENIENT DESIGN:** ergonomic design designed to be comfortable to use;
- **EASY TO OPERATE:** Allow your pet to sniff and get used to the device, then turn on the cutter and let it get used to the sound it emits. Once the pet is used, squeeze and release the pet's paws to expose the nails. After doing this, gently sand the pet's nails by adjusting the sanding angle.

PROCEDURES

PROGRAM &
PRODUCTS

Our philosophy: • Natural composition • Growing coat and skin quality • Without aggressive ingredients

We strive for a long-term result!

"I would like to introduce you to the long-established Tauro Pro Line Pet Spa Program, which is the result of more than 30 years of experience working with dogs. Colleagues working with dogs will understand that the main criterion when choosing pet care products is the result they create. If the cosmetic product works, it helps to achieve the desired result, we use it for a long time and we do not want to change it. This is the cosmetic line we have created and selected for the Tauro Pro Line pet care system."

PROGRAM DESCRIPTION:

It is a healing spa treatment for ozone baths, in which natural clays and essential oils join their best qualities. It is a program that quickly restores hair and skin, suitable for the treatment of skin lesions, seborrhoea, fungal diseases and allergic reactions. Depending on the level of damage, it may take from 3 to 10 procedures to restore a healthy protective layer of skin, strengthen the existing coat and regain healthy quality hair. This program detoxifies the pet's skin and coat, restores the healthy structure of the skin and hair, revitalizes and regenerates. Therefore, after the first procedure, you will see the first results - returning healthy shine, healthy firm skin. Suitable for the treatment of fungal diseases - Malassezia.
